attracting bees and other pollinators to your garden!

HOW TO MAKE YOUR SEEDBOMB

WHAT WILL YOU NEED?

- Clay
- Compost
- Wildflower Seeds
- Cup
- Board
- Bowl

STEP 1 - MIX

- In your bowl, mix together 4 cups of compost and 2 cups of clay.

STEP 2 - ASSEMBLE

- Take a small bit of your mixture, and make it into a flat, round disk on your palm.
- Grab a small pinch of seeds and drop into the center of your disk.
- Squish the disk and seeds together to make into a ball.
- Sprinkle some more seeds onto your board.
- Roll your seed bomb ball through the seeds.

STEP 3 - RELEASE

- Release your seed bombs into your garden and let them grow!
- In 6-8 weeks you should see some beautiful wildflowers!
